## **About College:**

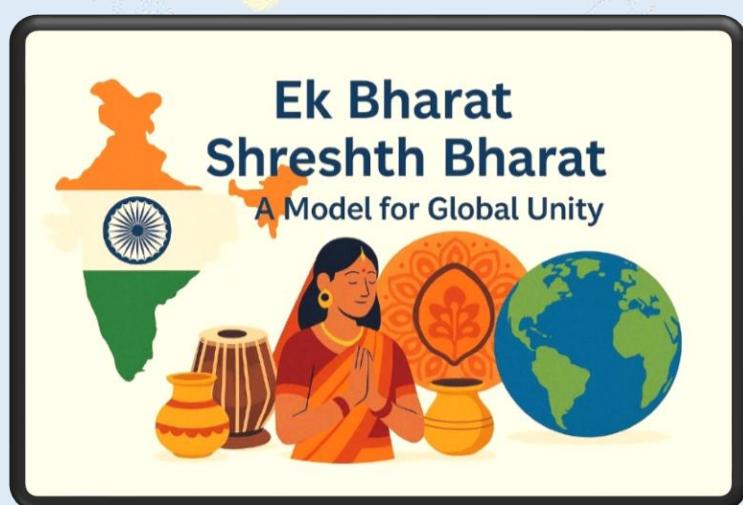

- Deesa (Dishpur) situated on the banks of the ancient Parnasa river and the present-day Banas River, is the most rapidly developing town in terms of trade and commerce in the whole of North Gujarat.
- From a historical point of view, the importance of this city can be understood from the fact that the British, attracted by the perennial flow of water in the Banas River and its health-giving climate, established their western zone military cantonment at Deesa. As large-scale potato cultivation takes place here, Deesa is also known across Gujarat as the “Potato City”.
- When the Sardar Patel Education Foundation established D.N.P. Arts & Commerce College in 1969, the number of students was only 35. Today, more than 6000 students are pursuing their undergraduate and post graduate studies in the Arts and Commerce faculties.
- For the all-round development of students along with academic education, the college organizes various co-curricular and extracurricular activities throughout the year. These include Intellectual Lectures, Panel Discussions, Knowledge Sessions, Reading Camps, Leadership Training Camps, Environmental Awareness Camps, Classroom Seminars, Discussion Sessions, Educational Tours, Placement Camps, NCC, NSS, Sports, Cultural Programs and Saptadhara Activities. Through all these activities, the primary objective of the institution is to make the youth Self-reliant and to prepare them to become leaders in various fields of society.
- This is one of the leading Grant-in-Aid Arts and Commerce Colleges and covered under 2(f) and 12(b) of UGC act of 1956. The college is situated in a large beautiful campus in a peaceful area, and has the facilities of a large playground and a rich library.
